Wills Point Texas
Mch. 10th 1889.

Hon. D. M. Fox:
Superintendent &c.
Philadelphia.

Dear Sir:

Your favor of the 4th inst. solves the question relative to the double faced needle. An examination of its edge under a glass shows the line very clearly, disclosing the fact, as suggested by you, that it is made of parts of two needles soldered together.

Thanking you for the attention shown, I have the honor to be Very respectfully

Yours

Philadelphia:

Dear Sir:

Your favor of the 4th inst. solves the question relative to the double faced nickel. An examination of its edge under a glass shows the line very clearly, disclosing the fact, as suggested by you, that it is made of parts of two nickels soldered together.

Thanking you for the attention shown. I have the honor to be very respectfully,

Yours
